

Summer Youth Program

One of the major projects of the summer program was the Beautification project. We have already seen the Wilbur Ave/Sutter One Stop mural project, but it was not the only one! At the All Seasons RV Stadium in Marysville another mural project was being painted, this time 3 times as big and much more work involved.

Students work to finish the welcoming sign at the All Seasons RV Stadium

The students led by Gary & Louie the lead artists, painted many baseball action scenes as well as giant baseball cards, a welcoming sign, a giant ticket with game contact information, and Gold Sox logo's.

Students work hard to bring a Gold Sox player to life.

Unlike the first mural project which only took four-six weeks to complete, this new mural project has taken well over two months to finish. All of the hard work is worth it as it brings new attention to the Gold Sox stadium. It was very exciting to watch as most of the students who didn't have any painting experience could now paint at an artist's level, making the community a more beautiful place to live in.

Students start early to give the stadium walls a new layer of paint before beginning the mural.
